

Bey Blades

3 2 1 Let It Rip!

- ① Yes, I can do it. Come on Cailem. I won!
- ② Who likes playing BBs? I do. ③ Good morning ladies and gentleman boys and girls. ④ My speech is about why I want BBs in R5.
- ⑤ Firstly, I'm going to talk to you about how I play BBs at home.
- ⑥ Secondly, I'm going to tell you about why we should have BBs in R5.
- ⑦ Thirdly, about the four different types of BBs and ⑧ finally, I'm going to explain the ^{four} ~~three~~ most important rules that we will need to play BBs.

- ① So firstly, at home I have BBs and I play with them everyday. When**
- ② my sister Maddy sees me playing with my BBs, she always challenges me to a battle.**
- ③ I win most of the times but when she wins she stands up and does a funny hip dance and it goes like this ().**
- ④ She thinks that she's the best BB player in the world because she's beaten me.**
- ⑤ If we had BB in R5 I wouldn't have to let Maddy win.**

3

- ① My 2nd point is that I think we should have BBs in Room 5 for 2 reasons.
- ② 1. Beyblades will entertain the R5 students.
- ③ 2. It will give me a chance to battle new people and it gives me a chance to see other students strategies.
- ④ I have asked Jayden Cundy what he thinks and he said "It gives you a chance to challenge new students."
- ⑤ So, if we had BB in R5 I would be
 - helping the teacher entertain the students.

4

① **The third part of my speech that I'm going to tell you about is the different types of BBs. There are 'Attack, 'Defence, 'Balance and 'Stamina. So firstly, attack types. They move around the battle arena more aggressively than other types. Next, the defence type. They are more likely to stay in the centre of the stadium. Thirdly, the balance type. They are least likely to lose balance. ~~Lastly,~~ finally the stamina type. Stamina types have more strength than other BBs.**

② *So, if we had BB in R5 we would be learning about attack, defence, balance, and stamina, strategies that are also used for sports.*

5

- ① **My last reason is if you want to play BBs you need to know the most important rules!**
- ② **There are four rules that you need to sort out to play.**
- ③ **The 1st rule; you are not allowed to touch the BBs while it's in play.**
- ④ **The 2nd rule; you need to rip your cord at the same time as your opponent rips theirs.**
- ⑤ **The 3rd rule; if your BBs bounces out of the stadium by itself, it is called as a replay but, if another student's BB hits your BB and it bounces out, it is called a **KNOCKOUT**.**
- ⑥ **The 4th rule; you are not allowed to lean over the battle arena for safety reasons.**
- ⑦ **If we had BBs in R5 we would be learning about "playing by the rules"**

6

- ① **I know I have convinced you why we should have BBs in R5.**
- ② **Firstly, I wouldn't have to play BBs just at home.**
- ③ **BBs would entertain the R5 students.**
- ④ **BBs would help R5 to learn sports stratgies**
- ⑤ **BBs would teach R5 to "play by the rules"**
- ⑥ **I love playing BBs.**
- ⑦ **Room 5 students would love playing BBs, too.**
